Purchasing police package vehicles or even new vehicles (nonpolice) is a struggle across the country due to supply/demand. Dodge will not be manufacturing the Police package (Interceptors) after 2023. Additionally, several agencies have been moving away from purchasing Dodges due to the increased maintenance costs they are incurring and going back to Ford.

We purchase our vehicles on a State bid through Garber Fleet Sales. They currently have two 2022 Ford Explorers available in the Carbonized Gray that goes with our current Fleet colors. They would need to outfit the vehicles with the lights, sirens, and equipment required to be street ready (see quote). The turnaround time for delivery would be approximately 90 days compared to 12 months from the date we request a vehicle.

I am requesting these vehicles be purchased as they are available now.
