## State and National Updates

- [The CDC has updated its webpage for holiday celebrations and small gatherings](#). Recommendations include:
  - Celebrating virtually or only with members of your own household poses the lowest risk for the spread of COVID-19.
  - Consider the amount of COVID-19 cases in your area, exposure during travel, location of gathering, duration of gathering, and the number of attendees
  - Gatherings with more safety measures in place, such as mask wearing, social distancing, and handwashing, pose less risk than gatherings where fewer or no preventive measures are being implemented
